

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Richard Elder on 2/5/2010.

The application has been amended as follows:

- Amend claim 10 to read: "A method for treating acute or chronic transplant rejection comprising administering to a subject an effective amount of a compound according to claim 1, or a pharmaceutically acceptable salt thereof."

2. The following is an examiner's statement of reasons for allowance:

Applicant has cancelled claims 1 and thereby rendering moot the 102(b) rejection of claims 1 and 5; claim 6 was made dependent on claim 2. Applicant has narrowed the scope of the claimed subject matter such that the compounds claimed share substantial structural similarities to the compound tested experimentally, accordingly the 112-1st rejection is withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
